

# Edaran IT Services is a Microsoft Gold Certified Partner

EDARAN IT SERVICES SDN BHD has been recognized as a Microsoft Gold Certified Partner most recently. This prestigious certification adds an important professional asset to the Company's growing credentials as an IT solutions and services provider.

Microsoft Gold Certified Partners represent companies with the highest level of competence and expertise with Microsoft technologies and have the closest working relationship with Microsoft.

At this level, Gold Certified Partners have access to Microsoft's resources and support that will give the company an added edge in the marketplace. These resources include access to Microsoft's Technical Services Coordinator, access to the Partner Knowledge Base, priority listing in Microsoft Directories, and other top-level benefits.

"With the attainment of this certification, Edaran IT Services has effectively boosted its competency level in Microsoft compatible areas of its activities. We are very encouraged by the achievement of our engineers and technical support team in this programme and will continue to pursue our goal of developing the skills and proficiencies of our people in this area," said Dato' Bistamam Ramli, President and CEO of Edaran IT Services.

"In these very competitive times within the industry, we cannot afford to lag behind in acquiring new knowledge and competencies. The learning curve is continual. IT is not only permeating every industry but also becoming more specialized. Even home applications have become more complex and sophisticated," added Dato' Bistamam.

Today, Edaran IT Services has 9 Microsoft Certified Systems Engineers (MCSE) who have completed and passed all the 7 required exam modules.

"The continual development of Microsoft Certified Systems engineers within the Company will be an essential process to sustain ourselves as a competent Microsoft Gold Partner. As a full fledged IT company with an emphasis on giving value added services to our customers, we recognise the need to scale the knowledge and competency curve to remain relevant and effective to our customers," said EVP of Edaran IT Services, Mustafa Rawther Mohamed Rawther.

As a Microsoft Gold Certified Partner, Edaran IT Services will be supported in building its businesses with a host of resources and benefits that are offered to companies who attain 'Certified Partner' level.
